

NEXORA CELLULAR

Store Handover & Management Guide · nexoracellular.com

Your store is live and complete. This document covers what was delivered, how to log in and manage it day-to-day, where your money goes, and what's next.

1. What was delivered

- **Full online store** — WordPress + WooCommerce, hosted on Hostinger, live at `nexoracellular.com`
- **50+ products** — 35 research peptides + 15 "Stack & Save" bundles (For Him / For Her) + supplies
- **Custom black & gold design** with a For Him / For Her toggle, animated homepage stack carousel, and mobile-optimized layout
- **Fully bilingual** — English & Spanish (flag switcher)
- **Compliance** — 18+ age gate, Research-Use-Only / FDA disclaimers, and legal pages (Terms, Privacy, Refund, Research Disclaimer)
- **Payments** — Bitcoin (straight to your wallet) and Direct bank transfer / ACH (Relay)
- **Certificates of Analysis** page (ready for your lab certs)
- **Contact page** + live-chat widget
- **Shipping, discounts** (volume pricing: 10% at 3+, 15% at 5+), and a starter blog structure

2. Logging in (admin access)

Admin URL	<code>https://nexoracellular.com/wp-admin</code>
Login email	<code>aeckstein74@gmail.com</code>
Password	Use your existing password. If needed, click " <i>Lost your password?</i> " on the login page to reset it via your email.

The support mailbox `support@nexoracellular.com` is set up on Hostinger (webmail: `mail.hostinger.com`).

3. Managing your store day-to-day

Task	Where to go
See & fulfill new orders	WooCommerce → Orders

Add or edit a product	Products → Add New (or click a product to edit)
Change a price / stock quickly	Products → hover a product → Quick Edit
See sales & revenue	Analytics
Edit a page (Terms, Contact, etc.)	Pages → click the page → Edit
Add lab certificates (COAs)	Media (upload) then the Certificates of Analysis page
Coupons / promotions	Marketing → Coupons

Tip: after editing anything, if you don't see the change on the live site, clear the cache: *LiteSpeed Cache* → *Toolbox* → *Purge All*.

4. Payments — where the money goes

Method	Goes to	How it works
Bitcoin	Your BTC wallet	Customer sends BTC to a unique address; order auto-marks paid on the blockchain (non-custodial — direct to you).
Bank transfer / ACH	Your Relay account	Customer sends payment to your bank details shown at checkout; you confirm receipt, then mark the order complete.
Credit / debit card	(coming)	Requires a high-risk merchant account — see "Next steps" below.

5. Business & legal info on file

Legal name	Nexora Cellular LLC (Wyoming)
EIN	42-3951782
Address	1309 Coffeen Avenue, STE 1200, Sheridan, WY 82801
Support email	support@nexoracellular.com

6. Behind the scenes (plugins & tools)

WooCommerce, Kadence theme, TranslatePress (bilingual), Age Gate (18+), Wordfence (security), LiteSpeed Cache (speed), Blockonomics (Bitcoin), Discount Rules (volume pricing), Tidio (live chat), WPCode (custom snippets).

7. Next steps / in progress

- **Credit-card payments** — needs a high-risk merchant account (standard processors ban research peptides). Available as a separate phase.
 - **Live chat (Lyro AI)** — the bot is built & trained; finalizing widget activation with Tidio support.
 - **Lab certificates** — upload your Nexora-branded COAs as they're re-tested.
-

Prepared for Alan Eckstein · Nexora Cellular · Store built & delivered by your developer.
